To Whom It May Concern:

It is with the highest regard that I write this letter of reference for the First Alliance Protection Systems ~ Remote Video Surveillance.

After nearly 10 years use, I am still satisfied to have the system a part of my restaurant and catering infrastructure.

Gordon Gisser has been a pleasure to work with. He is courteous, professional and extremely detailed in installing and teaching me about the system. Even a decade later, Mr. Gisser's availability and professionalism are always top notch. He has spent time with me on phone and in person on any issues that have come up. I am confident in knowing that he is just a phone call away, and I've not been forgotten once the sale has been made.

It is in my opinion that the First Alliance Protection Systems would be an excellent choice as a security measure in any business establishment. If there were a YELP or TRIP ADVISOR rating system for this service I would give Gordon Gisser & First Alliance Protection Systems 5 STARS!

Sincerely,

Jeff Nathan
